Support Peter Noyes

Valentine's Day is over -- but it's never too late to show your love for Peter Noyes School by donating to the Noyes PTO! One of the best ways to show your appreciation for the amazing teachers and staff who prepare and lead our children to future success is to make a monetary contribution to the PTO. Almost 60% of the PTO budget goes towards Educational Enrichment activities -- bringing artists, illustrators, authors, scientists, Native American experts, poets, and historical specialists to your child's classroom. Funds raised also go towards purchases of technology to keep our kids learning in new and exciting ways. This year, the PTO has already donated two ActivBoards and laptops - one to Ms. Connor's 3rd Grade class where it is used every day, and the other to the Library, where Ms. Gibson McDonald is making good use of it for her library classes. Remaining funds help stage a variety of curriculum and family events, such as Bingo Night, Literacy Night, and the upcoming Science Fair.

So please, send in your donation today. **Any amount helps. Right now we need \$15,000 to fund our budget for the remainder of the year.** It's as simple as writing a check out to "Peter Noyes PTO" and putting it in an envelope marked "PTO". You don't even need a stamp - just put it in your child's blue take-home folder today!

As always, thank you for your support.

Andrea Wang & Roberta Gregerman
PTO Co-Chairs

Educational Enrichment

The majority of our annual PTO budget goes towards providing high-quality educational events and activities that enhance and enrich the school curriculum. The Noyes PTO Educational Enrichment Committee work with teachers and staff to bring these special events to school. Ask your child about them!
